# Kopi INDONESIA

Kopi Geulis is a coffee product originating from Sumedang, West Java. The coffee produced is Arabica, Robusta and Liberika coffee. Arabica Kopi Geulis processing consists of specialty and regular. Arabica Specialty Kopi Geulis comes from plantations around Mount Manglayang Timur, with an altitude of 1400-1550 meters above sea level. Mount Manglayang is a Stratovolcano type mountain, located between Sumedang Regency and Bandung City, West Java, and has an altitude of around 1818 masl. Since the Dutch colonial era, around Mount Manglayang this is an afdeling or plantation. One of them is a coffee plantation. Processing of Arabica Specialty Kopi Geulis includes Natural, Winey, Honey and Fullwash processes. Regular Arabica with semi wash and full wash (wet process) processing. The processing of Robusta Kopi Geulis consists of regular and fine robusta, originating from coffee plantations in the Sumedang and surrounding areas. Arabika Specialty Kopi Geulis won the GOLD award (highly preferred coffee) in the cupping taste of the coffee industry products using the CLOPT (SPK / Coffee Lovers) method conducted by CLI (Coffee Lovers Indonesia) at JCC Senayan, Jakarta, June 29 2019.
