

PETROLEUM ISTANBUL

17th International Petroleum, LPG, Lubricants, Car Wash,
Convenience Store Products and Technologies Exhibition

Concurrent Exhibition

GAS & POWER

6th Electric Vehicles, Charging, Storage and Energy Transition
Technologies, Renewable Energy, Electricity and Natural Gas Fair

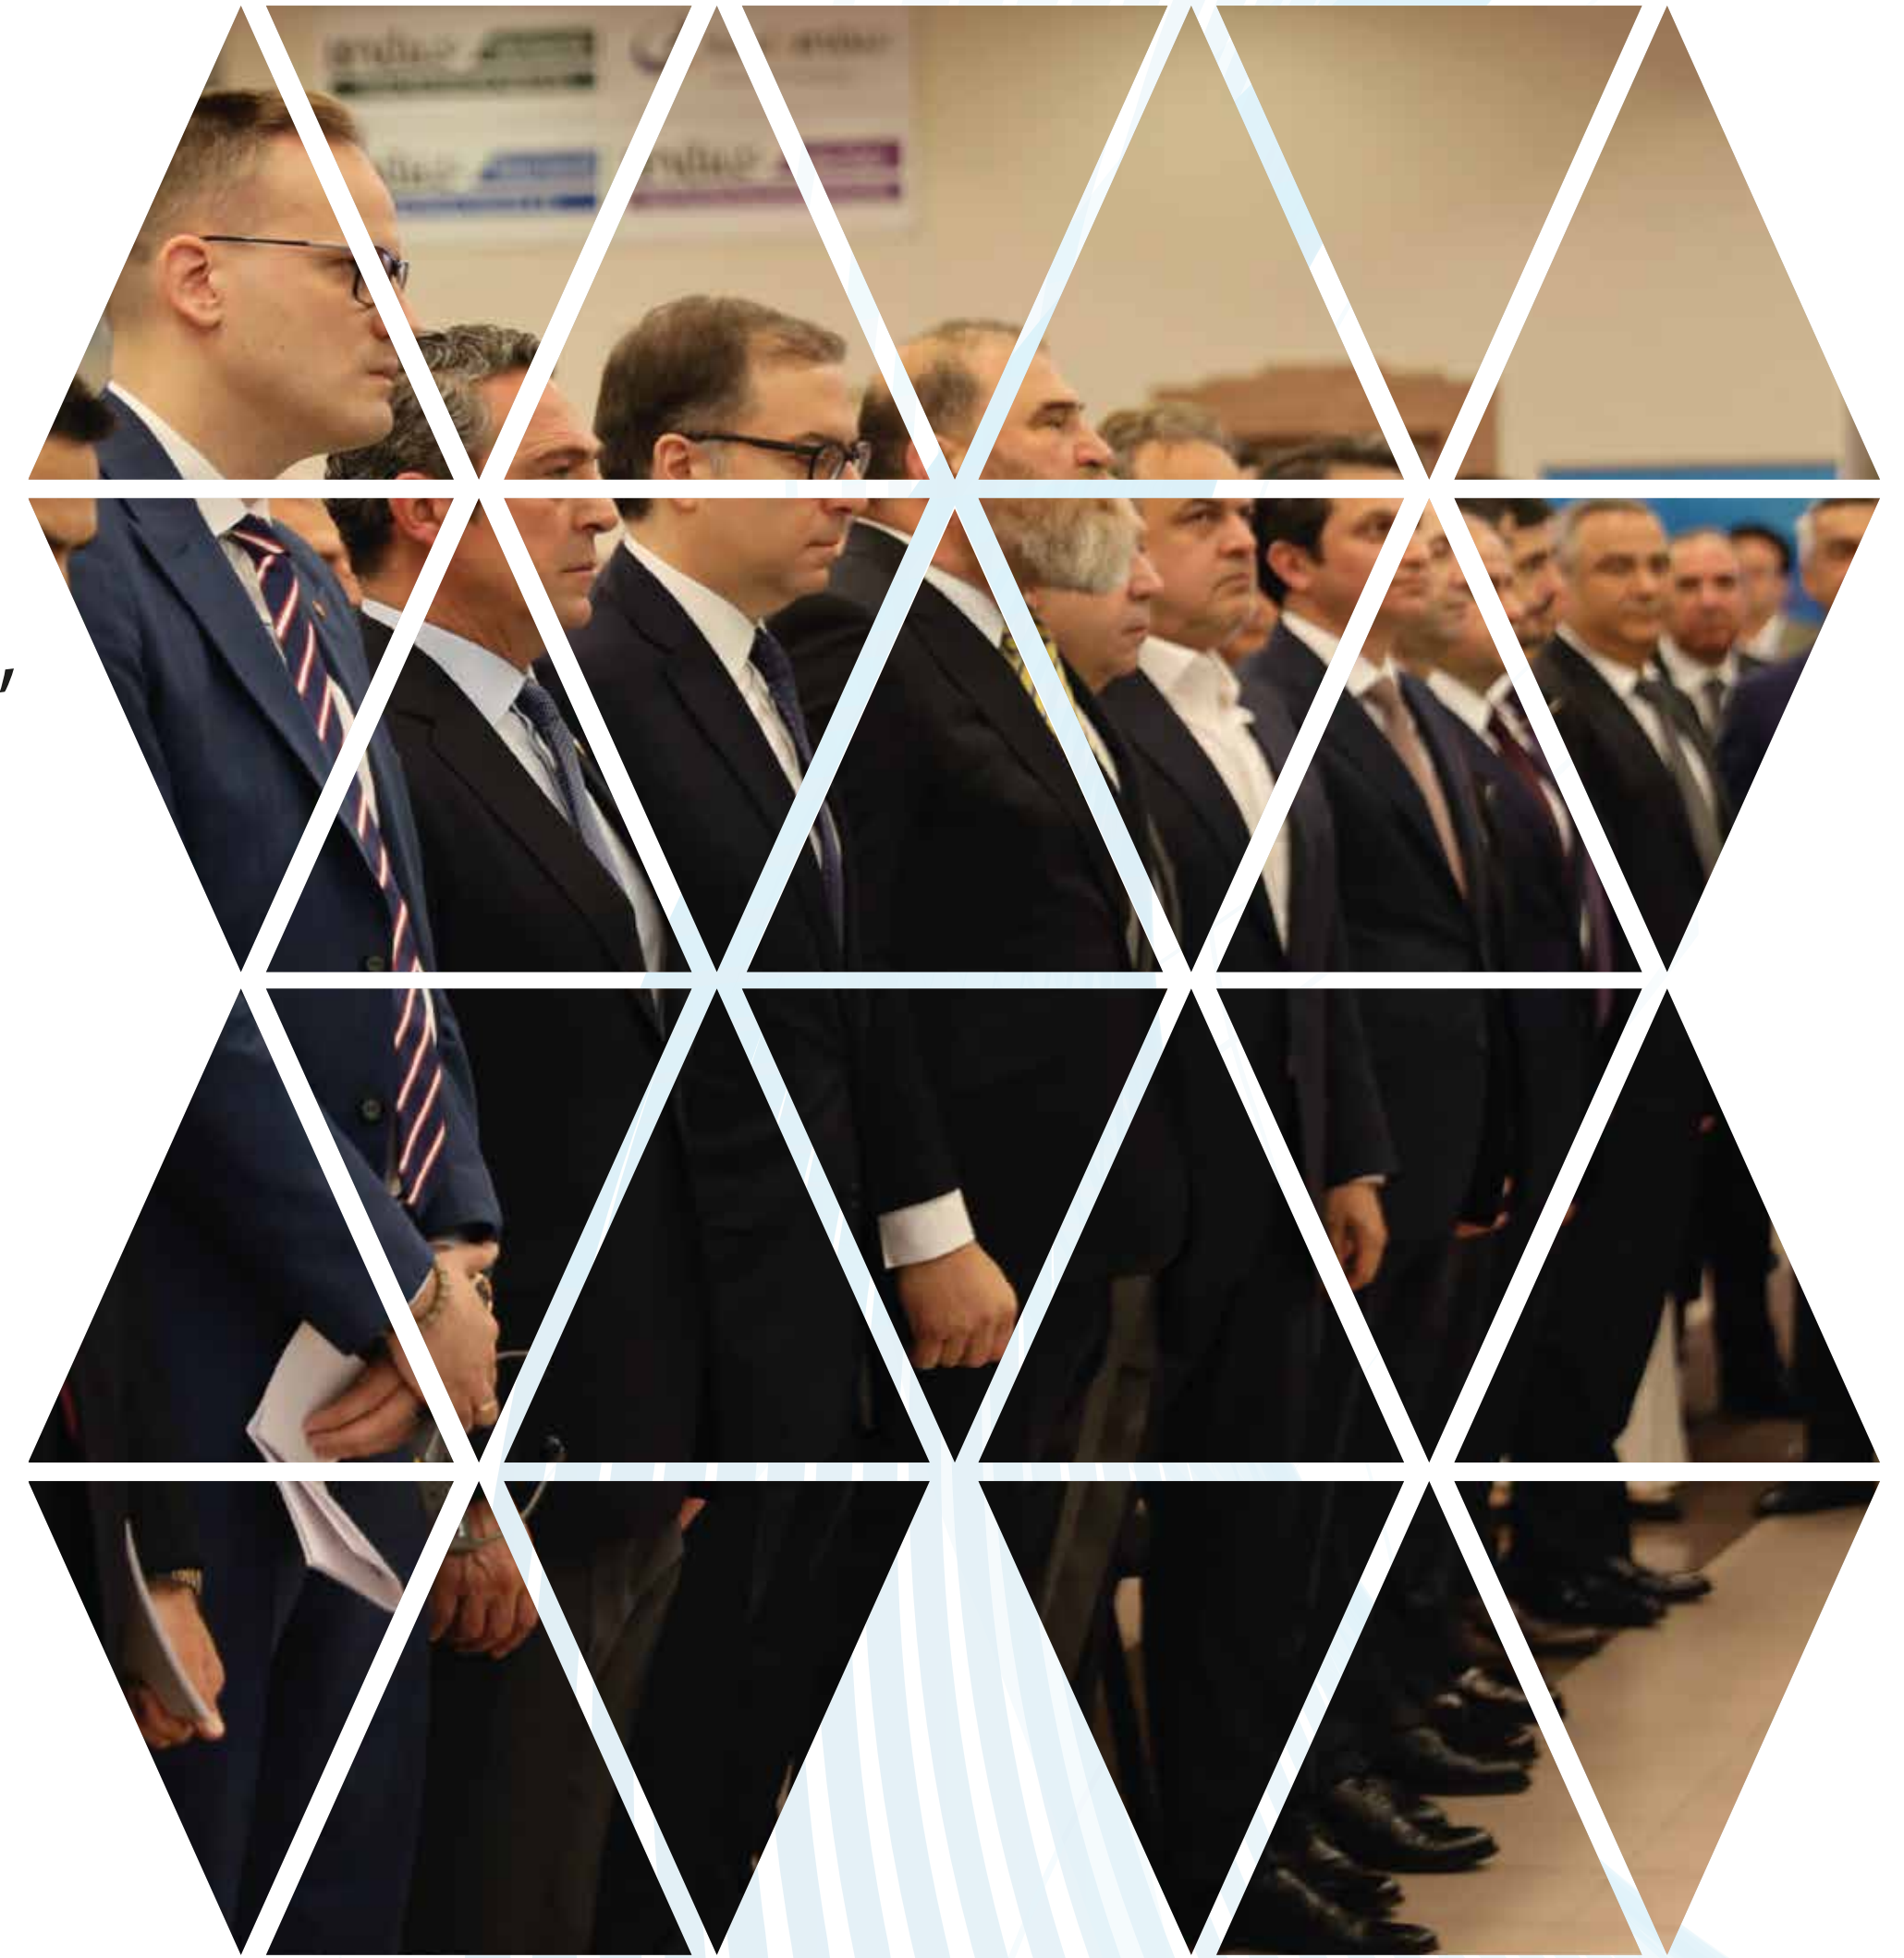

APRIL 24-26, 2025

TÜYAP FAIR AND CONGRESS CENTER

THE MEETING POINT OF THE ENERGY WORLD

Petroleum Istanbul, petroleum, LPG, lubricants, car wash, station market products, and technology fair brings together all public institutions and organizations in the energy sector with the private sector. The fair also holds the distinction of being the only one of its kind in Türkiye, facilitating collaboration among national, regional, and international energy companies.

The Gas&Power Fair, held concurrently with Petroleum Istanbul, addresses transformation trends in the energy industry and guides the sector accordingly. The event offers the opportunity to explore current developments and future opportunities in the sector through its broad scope, covering electric vehicles, charging technologies, energy storage solutions, next-generation fuels, renewable energy, and the fields of electricity and natural gas.

PETROLEUM ISTANBUL AND GAS&POWER 2023 BY THE NUMBERS

At the Petroleum Istanbul and Gas & Power Fairs, a range of events, conferences, and dealer meetings take place. These fairs stand out as a key platform in Türkiye for fostering collaboration among national, regional, and global energy companies.

WHAT DID THEY SAY ABOUT PETROLEUM ISTANBUL?

“ MEHMET ABBASOĞLU
CEO, PETROL OFİSİ

Petroleum Istanbul Fair is a very productive environment where the industry and stakeholders from a wide geography come together every year for exchange of ideas.

”

“ SOLMAZ APAK
CEO, APAK PETROCHEMICALS

Although it's our first time participating in the fair, everything is going very smoothly. We've had the opportunity to meet the companies that need to know us and the ones we need to know, which has been really great for us.

”

“ AHMET EKE
CEO, AYTEMİZ

The Petroleum Istanbul Fair is proving to be livelier and more beautiful than I anticipated. The number of visitors is quite high, and our stand is dynamic with both our customers and dealers actively engaging with us.

”

“ KEMAL AYDOĞAN
SALES MANAGER,
MIZRAK FIRE AND SECURITY SYSTEMS

The fair is going very well, and we're receiving great impressions. We've been here since the beginning of the fair, and the atmosphere is wonderful.

”

“ FIRAT KAYA
FOUNDING PARTNER, KEF INDUSTRIAL

We are participating in the fair for the first time. We are very happy to be here. The fair is going very proactively for us. There are many companies with their own franchises and participants in Petroleum Istanbul. We have met with the industry. We are very happy and excited."

”

“ VEYSEL YURDAGEL
SALES AND MARKETING DIRECTOR,
ZEBRA ELECTRONICS

It's our first time participating in the Petroleum Istanbul Fair, although we've been following it in previous years. We are a company operating in the electric vehicle charging stations sector in Türkiye. The Petroleum Fair marks the beginning of this transformation, and we want to be part of it. That's why we chose to participate in this fair.

”

“ FATİH BOLU
CEO, IFA TANK

The fair is lively and going well. It's crucial for us that the audience at the fair is focused solely on purposes of the gathering.

”

“ İMRAN OKUMUŞ
CHAIRMAN, PÜİS

The fair is going enjoyable as always. This year is the 16th edition of Petroleum. We are conducting an energy fair with high energy. The participation is very high. Petroleum is highly significant as a fair where trade, energy, and oil converge.

”

“ UTKU KORKMAZ
CEO, SOLARÇATI

The Petroleum Istanbul Fair is evolving from being solely a petroleum and natural gas exhibition into an electrification fair. There are numerous electric vehicles showcased at the fair, signaling the ongoing transformation we're experiencing. The fair has shifted its focus towards serious discussions on solar energy and especially EV charging stations, with all petroleum station dealers showing keen interest in this regard. In this sense, the Petroleum Istanbul Fair has been incredibly productive, offering insights into the future.

”

“ TÜTEN ALUÇ
CEO, İTERPET

The fair is proving to be more intense than we expected, with a great turnout. Valuable dealers from many parts of Türkiye will be joining us. We anticipate the same level of intensity to continue with them. Therefore, I can say it's been a successful fair so far.
