NEW
FOR 2026

ONE THE INDUSTRIALIST MUSEUM

A landmark feature celebrating the UAE's industrial journey, from the nation's first factories to frontier technologies.

- Immersive storytelling and interactive displays
- Milestones of UAE industrialisation
- Pioneering products and innovations
- A destination experience that strengthens investor confidence by demonstrating decades of steady progress, ambition, and impact.

TWO STARTUP HUB

A dynamic space dedicated to empowering the UAE's next generation of makers. Designed to connect Startups directly with procurement opportunities and industry leaders.

FEATURES:

- SME match-making and B2B meetings
- Pitch stages
- Access to financing partners and incentive programmes
- Practical workshops and advisory sessions
- Information on integrating into national supply chains

THREE INTELLIGENT INDUSTRY HUB

A next-level showcase of industrial innovation and automation. Positioned as the beating heart of future manufacturing.

INCLUDES:

- Robotics and autonomous systems
- AI solutions for manufacturing
- Demonstrations of next-gen industrial tech
- Workshops with tech leaders
- Integrated displays from UAE innovators

FOUR QUALITY HUB

A dedicated zone for world-class standards, certification and product excellence. Created to transform quality into a true competitive advantage for UAE-made products.

A specialized zone connecting investors and manufacturers with the UAE's world-class quality infrastructure. From certification and standards to conformity and metrology, the Hub streamlines your pathway to global market readiness.
